VOLVO PENTA

# A Further Journey Starts Now

Powered by Volvo Penta Aquamatic

## The New Solace 415CS

The world's most premium boats don't happen by accident. This meticulous attention to each detail along with a host of key elements leads to these great wonders of human creation. At SÖLACE the principal couldn't be more true. The attention is to more than the details, here to a broader scope of building materials and processes, while ensuring those materials are used to their maximum effectiveness.

Your journey can be further and last longer, all while cruising on this incredible center console. Two extraordinary companies came together to build a boat that is truly, all encompassing.

## A Clean Transom

Recapture your transom and enjoy your whole boat with this inboard Aquamatic configuration, allowing for more versatility with space for unobstructed leisure activities such as swimming, fishing, or lounging and space for a dinghy.

## On-Board Comfort

Enjoy more on-board comfort with our Easy Boating features like silent shift, trim and stabilization functions, as well as less perceived noise at high speed.

## The Power Of The Diesel D6-440

The Aquamatic drive is the most powerful diesel marine leisure drive on the market and a comprehensive solution for boaters and operators seeking an optimal combination of high speed, acceleration, fuel efficiency and comfort.

## The Inboard Solution That You're Waiting For

Experience a significant increase in range, space and maneuverability, with less fuel consumption and the same reliability and durability associated with Volvo Penta. With the SōLACE 415CS, you'll finally know what it is to enjoy your entire boat.

### Features

- Electronic Dipstick
- Joystick docking
- Joystick driving and auto pilot
- Position Hold
- Dynamic Positioning
- Glass Cockpit
- Integrated vessel trim
- Cruiser control
- Single lever

### Clean Transom

- Versatility to bring Dinghy
- Fishabilit
- Easy boarding
- Swim platform
- More usable space
- Shallow draft — beach mode

### Engines Features

- Diesel Torque
- Common Rail
- High service points
- Hot water outlet
- Long engine life
- Closed cooling

### Duo Prop I

- Silent shift & low speed
- Duo Prop
- Active Corrosion protection
- Hydraulic clutch
- Oil sensor
- Prop line cutters

### Total Cost of Ownership

- Reduced oil change - 200 hrs
- Less service parts
- Diesel engine durability
- Service availability
- Extended Warranty

### Performance

- WOT and Cruise speeds
- Low fuel consumption
- Increased Range
- Acceleration

### Sustainability

- Lower Emissions
- EPA Tier 3
- Lower CO<sub>2</sub> Footprint
- Lower fuel consumption
- Biofuel read

### Convenience

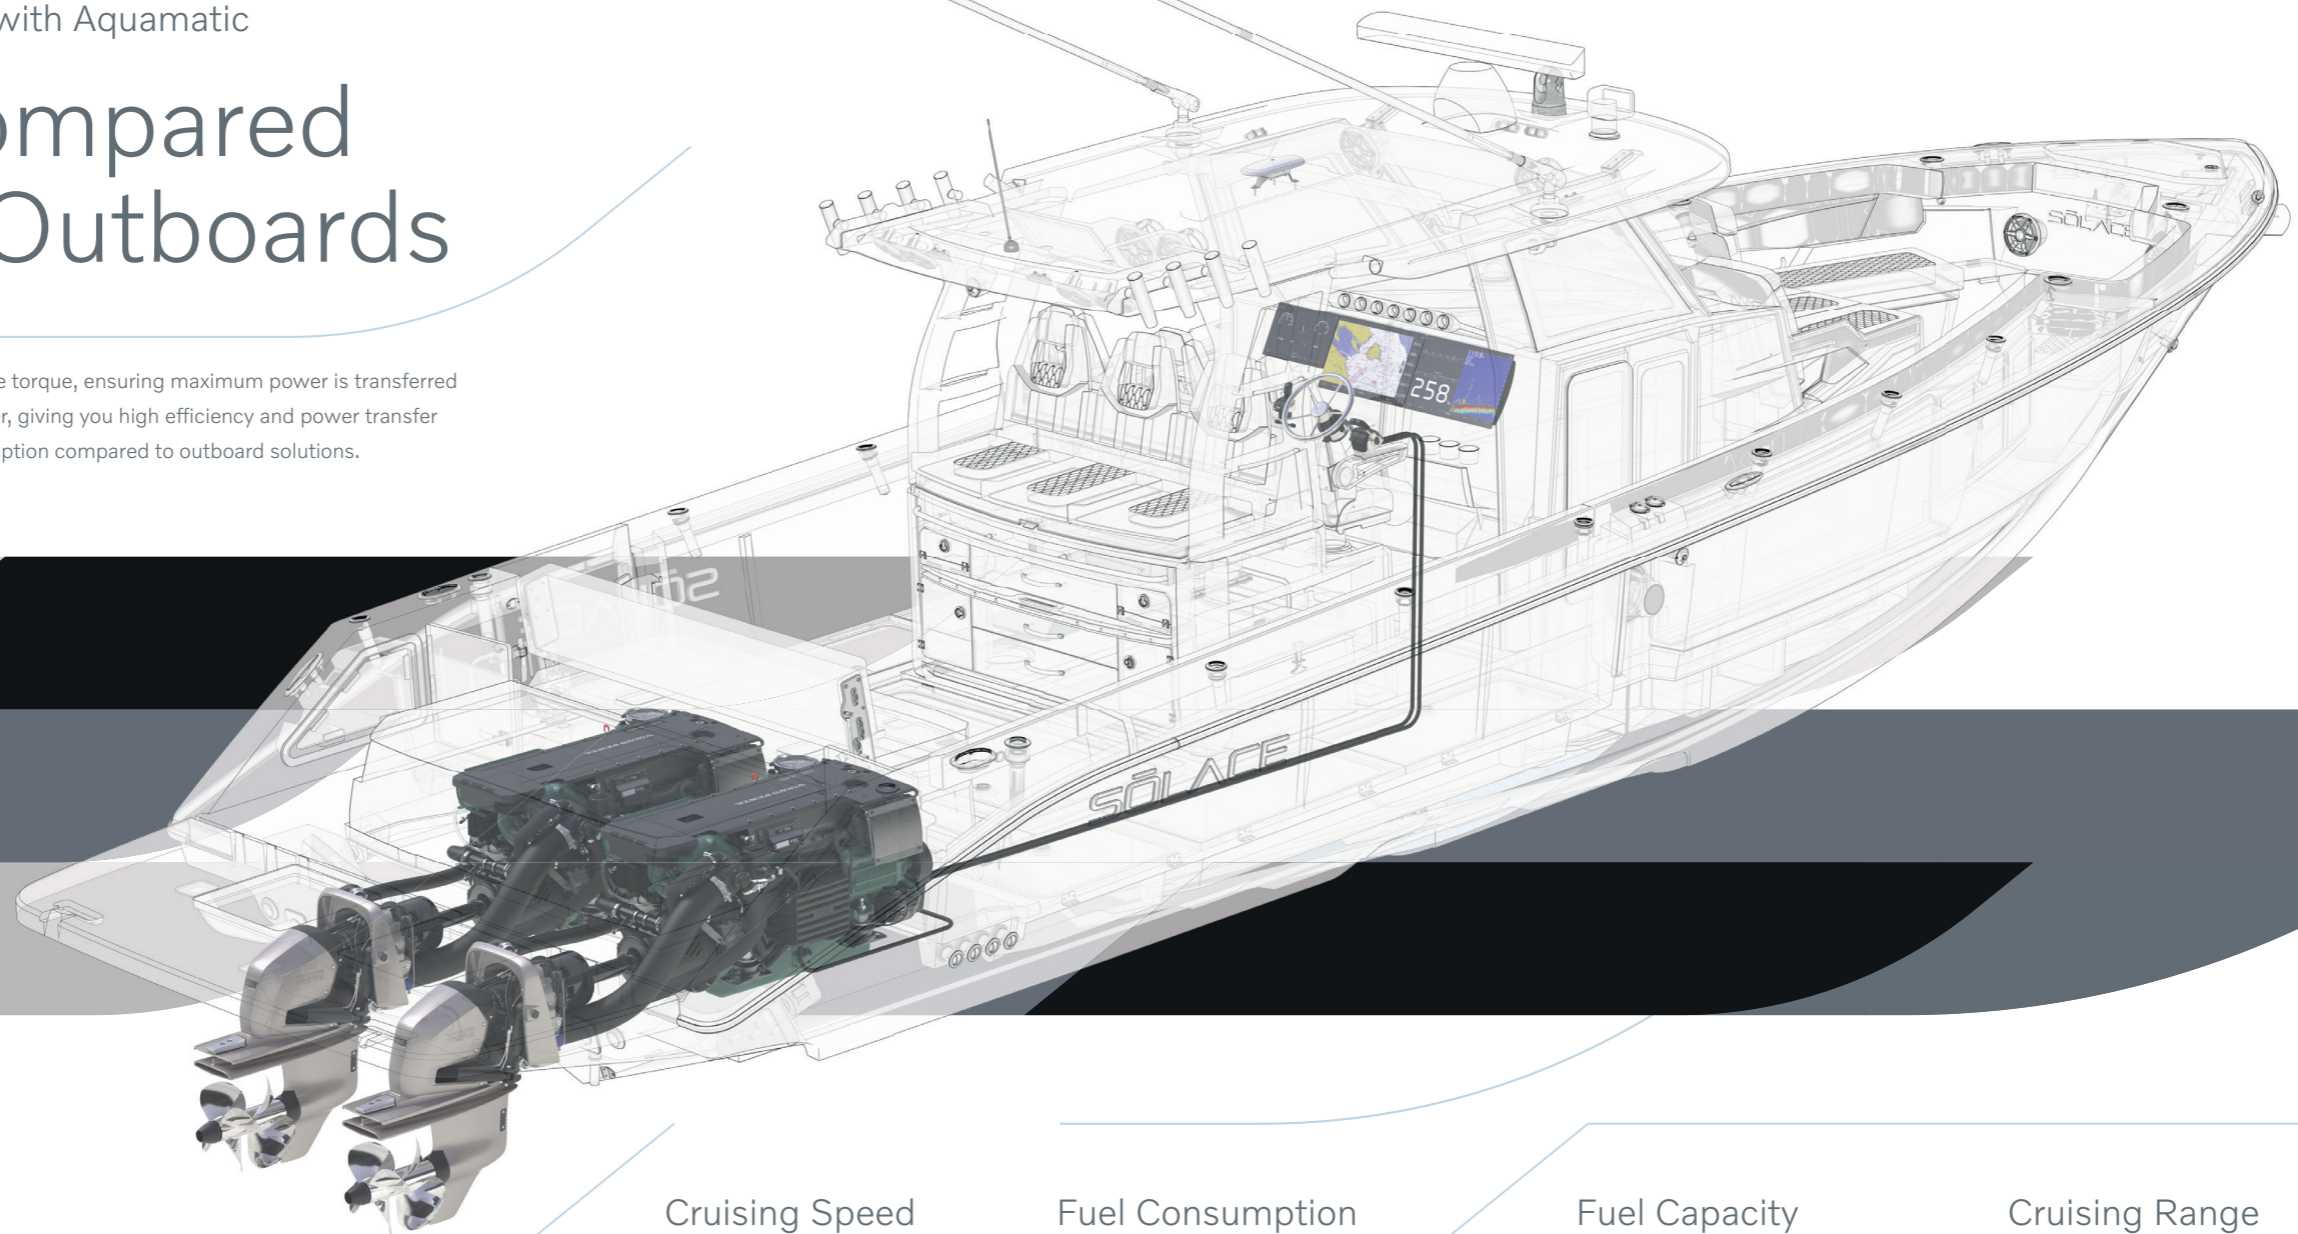

- Fueling time
- Single fuel source
- Easy engine service
- Drive oil change inside vessel
- Beach and shallow water tilt

The New Sōlace 415CS with Aquamatic

# When Compared to Quad Outboards

The 5.5-liter twin D6's deliver unique marine torque, ensuring maximum power is transferred to the DuoProp propellers and into the water, giving you high efficiency and power transfer while you benefit from reduced fuel consumption compared to outboard solutions.
